

PLANNERS TO STUDY 84-ACRE ANNEXING PROJECT TONIGHT

At a meeting tonight of the planning commission in the fire station, maps, plans and a model home sketch will be reviewed looking toward the annexation to the westerly limits of Campbell of the 84-acre Amato-Bellicetti properties for a new subdivision. George S. Nolte, civil engineer and land surveyor prepared the plans and blue prints for new homes.

The tract, if annexed, will have a capacity for from 450 to 500 new homes, a five million dollar development.

The planners tonight will also consider a letter and map regarding the proposed new Freeway sent here by the State Division of Highways, establishing its route through the easterly part of Campbell with an interchange at Hamilton avenue.

A proposal by Hollis Logue, chairman, regarding a study over need for a civic center and a city park may also have preliminary review.

Homer Hyde, secretary for the commission and Nestor Barrett, planning consultant will report on progress with tabulating cards being sorted mechanically in compiling factual data for the traffic loads.

200-HOME TRACT MAY DEVELOP IN QUITO AREA

A subdivider, J. W. Williams, has the approval of the Santa Clara County Board of Supervisors to proceed with a 200-home tract at Quito and McCoy avenues, southwest of Campbell. In the contract, the run-offs from the Williams project would go into a series of wells on the lower east end of the tract instead of into San Tomas Aquino creek.

It is a five-year plan at the end of which a long-range program is expected to have been developed with Williams paying \$40,000 to the county towards the permanent solution.

County engineer Leonard Bushnell said the proposal may work. His office has been rejecting other subdivision proposals because of drainage problems.

SCHOOL BONDS PASS; UNION DISTRICT SEES BIG GROWTH

Voters of the Union Elementary School district approved the \$300,000 bond issue Tuesday by a substantial percentage over the required two-thirds majority. The vote was 218 for bonds and 46 against. Kenneth McDonnell, superintendent of the Union School district was elated with the results yesterday commending all those who had

CAMPBELL DRYER BUYS MORE LAND

The Campbell Co-operative Dryer last Friday completed purchase of the Week's property on First Street in Campbell for the expansion of storage facilities.

According to Hermann Gerds, manager of the dryer, the plant expects to handle better than 13,000 tons of fruit this year against the 12,146 tons handled in 1953.

Because of the ideal growing weather dryer officials expect a larger size prune of better quality than last year.

Predictions are that the season will open about August 2.

Kiwanians Hear Yankee Tourist Is Often Irsome

Doug Akers, a British student from the Isle of Man, now enrolled at Stanford, was guest speaker at a joint meeting of the Los Altos and Campbell Kiwanis Clubs in the library building here. A graduate from Oxford College, Akers made brief comparison of the courses of study at both Stanford and Oxford.

The American tourist, critical of housing conditions and offering to buy at any price, antiques which have sentimental values often arouses ill feeling toward Americans in general, although those of a mind to mix congenially with the people are warmly welcomed, the speaker said.

Los Altos sent 24 members to the meeting in Campbell, presided over by Jack Huston of the Los Altos Club and Henry Jewell of the Campbell club. Other visitors included Carl Simpson of Mountain View, Joe McKinnon of San Jose, Ivar Torgenson, John Dowdle and Howard Gilber all of San Jose.

worked hard to get out the votes and approve the issue. He said \$65,000 in bonds are available for sale this year. Passage of the bond issue brings the district to its bonding capacity and qualifies for state aid in the purchase of two new building sites to meet the expected larger enrollment.

With the assessed valuation of the district increasing as more homes are built, more bond money will become available. A two third majority vote is needed to pass bonds to cover anticipated growth of the district in the next six years. It is expected that the new school is to be started in 1955.

New sites are being considered in the King's Acre and in the easterly area of Cambrian Park. It is reported that 107 homes are planned for the ten-acre tract comprising the old Downing property off Union avenue, Carlton and the Almaden-Los Gatos Road, all within the Union school district.

McDonnell at a meeting last Thursday said the district's two schools would be crowded beyond capacities by Springtime, 1955.

McDonnell told of the anticipated sub-division boom. Two hundred homes will be built in the area and another 600 will be built in San Jose's Cambrian I and Cambrian 2 annexations, which run into the Union district he said.

According to Davies, San Jose will end annexation drives with the expiration of the Allen Bill in 1955 and he holds little hope for the bill's renewal.

The area will eventually accommodate 50,000 persons with an ultimate 11,460 school children, according to Cameron, and in that event, the district will need 20 schools, not two.

The Campbell Fire Department took delivery on a bright new, red fire truck yesterday afternoon thereby increasing the efficiency of the department.

The truck, a Van Pelt pumper, was built in Oakdale, on a G. M. C. Model 503, a 200 horsepower chassis. It can pump 1,000 gallons of water per minute which is twice as much as the present pumping engine will do. This engine was tested last week for a three hour period in Oakdale under the supervision of F. P. Young of the Board of Fire Underwriters of the Pacific in the presence of William Morgan of the Campbell Fire Department.

1948 Senior Play Cast Identified In 'Press' Picture

It was not long after the Campbell Press was distributed last Thursday but that the telephone began ringing and personal calls made at the office to identify the picture as that of members in the cast of the 1948 senior play, "June Mad".

It was the first time this picture had been published and at least nine calls identified it correctly. Shown in the picture were Ray Thompson and Eliene Goodson standing; seated were Jeannine Ledum, Harold Ely and Marion Page.

FOUR FIRE CALLS ON THE WEEKEND

Calls on the Campbell Fire Department have increased with the coming of the summer months and warm weather.

Last week firemen responded to a call for a gas investigation at 160 West Campbell Ave. at the home of James Wright. On investigation firemen found that the gas leak was from the refrigerating unit of a gas refrigerator.

The department was called out for grass fires on Friday and Saturday at 49 Cypress Ave. and at S. Winchester Road behind St. Lucy's School.

Firemen were also called to extinguish an automobile fire at the Campbell High School swimming pool parking area.

Owner of the car which was damaged in the front end is Charles Whitehall of Stelling Road.

Blaze was caused by an electrical short in the vehicle.

COUNTY EMPLOYE GROUP SEEKING INSURANCE PLAN

Some group health insurance plan may be used for Santa Clara County employees participating in a medical care program, if a study now under way by county officials is acted on favorably.

The County Employees Association with more than 500 of the 1800 county employees, as members have advocated some sort of group health plan. It is understood that the county does not contribute to a group health plan.

E. B. Hughston, director of the County Central Services Department, is sorting through 22 different plans to pick out those that seem best to fit the county's needs.

When this is completed county officials and representatives of the employees will open discussions on a single plan.

Hughston estimated the county can pay 10 per cent of the cost for \$9702 per year or 30 per cent for \$29,106.

EDITORIAL

CAMPBELL'S NEED FOR CLASSROOMS

There seemed no alternative for the Campbell Grammar School board to follow at their meeting last week but to call another bond election because of the growing shortage of classrooms and the rapidly increasing enrollment.

The same bond issue lost a required two-thirds majority on June 24, but there were only twenty-one per cent of the qualified voters casting ballots. Defeat of the issue left the district some \$49,000 under the bond limit, hence a \$400,000 allocation from the state for construction of the Monroe school will not be forthcoming unless the bond issue in October carries by the necessary two-thirds majority. An issue such as this warrants a much heavier vote than was cast at the last election. It deserves responsive community interest to bring out a representative vote.

TAX ON SPEED

Well, we've heard a lot of ideas for new taxes, but the one recently proposed in Congress has few equals. It is a tax on speed. The way it would work is that a gadget would be attached to the speedometer of your car. Every time you exceeded 50 miles an hour it would record the speed and the number of miles traveled. At the end of the year, you would pay a tax of a little more than one cent per mile on speeds of 50 to 60 miles an hour, 3½ cents on 60 to 70, five cents on 70 to 80, and—if you survive—six cents on 80 to 90 miles an hour. Based on how the average American drives (who knows?) it is estimated that the plan would raise \$2 billion a year in taxes. Maybe its best feature would be that instead of substantially increasing the tax take, it would substantially reduce the accident and death rate. Furthermore, it would give back seat drivers something really to kick about when the going got too fast.

FRESH WATER FROM THE BAY

There should be some way to divert some of it to raise the water table. Or as the Secretary of the Interior, Douglas McKay said last fall at San Jose, there may be ways found for removing the salinity from bay water, admitting that government tests were advancing along that line.

TIPS FOR SAFE SUMMER FUN

Beautiful Summer days, warm weather, and vacation time lure Californians out on the highways by the thousands. Whether the destination is the favorite picnic spot, camping site, fishing hole, or bathing beach, there are certain precautions to be taken against accidents or injuries. During the vacation months of July and August, statistics show a definite increase in traffic accident fatalities.

To most Americans, vacation means travel, and the family car is the favorite mode of transportation. But, is the family car safe? Is it in proper running order? Has the equipment been loaded so that the rear view window is not obstructed? Are the rear doors securely fastened if there are children?

Plan in advance. Wise planning will do away with long hours on the highway and driving after dark. Allow plenty of time to get to your destination. Observe traffic rules. Watch for road signs, pedestrians, and animals on the highway.

A campsite or picnic spot has its hazards. Select a place with care. Is there a safe water supply? Do you recognize poisonous plants or snakes? Can you give first aid if needed? Are you careful with the campfire and lighted cigarettes?

Play and fun can be turned into disaster. Go easy with the horseplay, especially with swimming. Take time to rest after meals. Avoid chilling and never swim by yourself. If children are around, be sure that someone is watching them. Children have drowned in two inches of water.

It doesn't take much sun to produce a bad burn. Watch out, too, for heat exhaustion and sunstroke. As you take to the highway on your vacation, insure your Summer fun with wise planning.

SENATORS GET FREE HAIR CUTS

One way to avoid paying the \$1.50 charge for a hair cut might be to get yourself elected to Congress. According to Congressman Charles Gubser, the price for a haircut for those Congressmen in the Old House Office building is fifty cents, while those in the New office building pay but 35c. As to Senate members, they get hair cuts free of charge, and none are too bald to take advantage of it.

Our representative is in the Old House office building and feels that he is out ranked when it comes to paying four bits for a haircut. But let's not have any inquiry about it.

MIDSUMMER SLOWDOWN

In the middle of Summer, everything slows down to a crawl. People are away on vacations. Merchants seem to take in the slack, leaving the promotions to the more stimulating Fall months. Newsworthy events seem much scarcer. One really has to dig deep for things of interest. But newspapers have no slack to take in. Their operations are geared to a steady day in and day out production. Summer or no. Your weekly paper never misses. We hope you enjoy it.

Adventists Plan Camp Meeting

The Seventh-Day Adventists from Bakersfield in the South, to San Francisco in the north, are planning for the Camp Meeting of the denomination's Central California Conference to be held from July 29 to August 7, on the Conference owned grounds near Soquel with a usual attendance of around 7,000.

Elder Harold H. Hare, Pastor of the local Seventh-Day Adventists' Church, left Monday for the camp ground to assist until the Camp Meeting begins, getting everything in readiness. A large number from the local church expect to attend.

Camp Meetings began to be held early in the history of the Adventist Church, and have continued on through year by year. They are considered by Adventists as one of the big events of the year in spiritual growth and character building. In most year, four major Adventist Camp Meetings are held each year within the territory of the four Conferences in California. Due to the holding of the Quadrennial Session of the General Conference of Adventists in San Francisco from May 24 to June 5, the Central California Conference is the only one holding its annual Camp Meeting, therefore word coming from the Conference headquarters in San Jose indicates that this may be a larger Camp Meeting than usual.

Soil Conservation District Expands

State Senator John F. "Jack" Thompson, who is President of the Evergreen Soil Conservation District, reports that at their July monthly meeting held at the district headquarters on King Road, several petitions for inclusion of additional land to the Evergreen Soil Conservation District were placed in the hands of the board of directors by the circulators of the petitions. The areas include the Mt. Pleasant and Milpitas areas east to the county line containing 160,000 acres, making a total proposed annexation of 192,500 acres of new land to the Evergreen Soil Conservation District.

Thompson also states that he understands petitions are being circulated in the Black Mountain Soil Conservation District, and with the recent annexation to the Loma Prieta Soil Conservation District in the southern part of the county practically all of the agricultural land in the county will be included in soil conservation districts, as the San Felipe District of which the greater part is in San Benito County, also extends into Santa Clara County.

The present California State Park System consists of more than 125 units comprising more than 600,000 acres of land.

CAMPBELL GARDEN CLUB TO VISIT NURSERY AT BELMONT

At the meeting of the Campbell Garden Club next Wednesday, members and guests are to visit the Jules Christensen Nursery at 935 County Road in Belmont. A conducted tour of the nursery is to start at 2 p. m. Any one wishing to go may contact Mrs. Anthony Leal (AX 6 1115) or Mrs. Beverly Edick (FR 8-2742) to arrange transportation.

The last meeting of the club was held at the home of Mrs. Herbert Binley on Milton avenue, with Mrs. Robert Dunn, president conducting. Richard C. George spoke on the care and culture of orchids, displaying some of his own plants and presented the club with a beautiful blooming orchid plant. Mr. George stressed patience in the growing of orchids in that from five to seven years are required to bring a plant to blooming size. He advised against buying so-called bargain orchids, stressing that those interested in the culture, buy from accredited local dealers. He said the growing area must be kept free of ants if the plants are to be safe from other pests.

At the close of the meeting light refreshments were served by the hostess, Mrs. Herbert Binley.

Campbell Lumber Wins First Half Pony League Sked

In the best played game of the season Friday the Campbell Legion nine upset the Bishop Hawaiians by standing them off to a 4-1 tie on the high school diamond here. This gave Campbell Lumber undisputed first place for the first half of the Pony League schedule. Don Dennis, Max Kinsey and Larry Magdalino each tripled for the Legionaires.

On the same day the Campbell Rotary spanked the Avila Market 16-0 on the three hit pitching by Roger Umquist. The game saw the first triple play of the season when with the bags loaded with market men, a pop fly was taken by third baseman Ron Carbus who stepped on third then fired to Larry Beeson at second for the third killing.

The Legion nine ended their first half of league play Monday by chalking up a 14-0 win over Campbell Kiwanis, Jim Reed hurling a two-hit gem with Don Dennis catching. The Kiwanians sent Dan Jordan and Kevin Gugat to the mound and had Al Knox in the catching harness. Don Dennis, Bob Rumbaugh and Larry Magdalino all figured in on the attack.

Avila's Market ended their first half of league play Monday with a resounding 9-0 win over the Lions. Dennis O'Flynn was the big noise for Avila's getting three hits in three time to the plate.

LAW IN ACTION

QUESTIONS ABOUT WILLS

Many people have asked questions about their wills and the disposition of property since our last articles on the subject. Here are a few questions and answers that may interest you.

Q. Is a will a business document?

A. Yes, since it transfers property and has other business outcomes. The same is true of joint tenancies and gifts.

Q. Is a will made 20 years ago any good?

A. It may be. Yet, your marriage may have changed; children or grandchildren may have been born; the value and type of property may have changed, and joint tenancies may have been created. Such factors, including tax law

changes may outmode your will, though it is still legally in effect. The fact that the courts must put it into effect, in fact, may be its worst feature.

Better review it and see if it is what you want.

Q. Should a will be long or short?

A. As a rule, prefer a simple will. It accords with most people's wishes. Yet a short will may not be adequate. It may create complications, or give rise to additional taxes. Like a business contract, the length and terms of the document rest upon the circumstances and the things you want done, and upon the tax laws. It is the situation basically, not the will that is simple or complex.

Q. Does a will dispose of property held in joint tenancy?

A. As a rule, no.

Q. Should you coordinate the wills of several persons?

A. Often you will want to review and, if need be, draft new wills for persons who share in the same property or who are beneficiaries in the first will. You do this, of course, when it can be done with propriety.

NOTE: The State Bar of California offers this column for your information so that you may know more about how to act under our laws.

Sports Car Race This Sunday For Youth Center Aid

More than 140 drivers will compete on a mile and a half special course this Sunday morning at the Santa Clara County Fair Grounds as the County Youth Center's 11-race program of Sports Car racing gets under way. The track, with its many hairpin curves is expected to provide plenty of thrills, according to Patrick J. Ryan, chairman.

All proceeds will go to the Youth Center's \$200,000 building fund, Ryan emphasized. Construction plans call for a modern "Youth Village" on a spacious new site on Newhall St. at the boundary of San Jose and Santa Clara which will provide recreational facilities for 3000 youngsters. The Youth Center is county-wide in scope and non-sectarian in character.

At least seven outstanding Santa Clara County road race drivers,

one of them a woman, will be among the 150 contestants, it was stated. They include Al Coppel of Los Altos, Cloyd Gray, Richard Mann and Jack G. Hayes, all of Palo Alto, Forrest Edwards and Bill Behel, both of San Jose, and Mrs. Nancy Jarrett of Campbell.

Besides the women's race, a new departure in Coast road racing, the 11-race program calls for four races for the strictly "production" MG's and Jaguars, and six "main" events for modified cars driven by senior drivers.

The races are sanctioned and supervised by the Sports Car Club of America, led by William B. David of San Francisco, regional president. These are amateur sportsmen who received no compensation and pay all their own expenses.

Spectators will have the advantage of parking their cars in the parking lots outside the Fair Grounds and watching the races from grandstand seats, it was pointed out. A Victory Dinner and Dance in the Exposition Building at the Fair Grounds will follow the day's racing program.

San Francisco has a girl swimmer named Glenda Ortlip who should be giving Florence Chadwick all the competition she can handle in another year or so. Glenda is only 18 and just graduated from Mission High School in San Francisco, but already she holds a number of long distance records in and around the Bay area. She has bettered Ray Carmassi's time on some of the swims and Ray is a far better than average distance swimmer.

Jim Davis, the southpaw sold by the Seattle Rainiers to the Chicago Cubs, has been quoted to the effect that he is more interested in the record of his uncle, Marv Grissom, of the New York Giants than in his own.

One of Davis's first chores for the Cubs was to contribute to that record. Davis got credit for a 10-inning 5-4 win for Chicago over the Giants — and Grissom took the loss.

One of the most sportsmanlike gestures recently was the agreement by the Detroit Lions to play college rules when they meet the College All-Stars in the charity football game August 13. However, the thought occurs that the arrangement should have been made when the series was started. The pros, having

heard Pat Hemon's Lucky Lager play-by-play re-creations of major league games of the day over KYA. For the week of July 18 the broadcast times for major league games are: Sunday (Indians-Senators), 1:15 a.m.; Monday (Tigers-Yankees); Tuesday (Dodgers-Cubs); Wednesday and Thursday (White Sox-Yankees); Friday (Phillies-Cubs); Saturday (Indians-Yankees). Monday through Saturday broadcasts at 10:30 a.m.

played college ball before starting the play-for-pay game, have had experience in both types of play while the collegians have never played under pro rules.

If Art Bielefeld of the Stockton Ports doesn't qualify as the hard luck pitcher of the California League, there must be somebody else who is mighty snakebit.

He had a no-hitter going into the ninth recently when Bob Geels of Visalia swung from the heels and topped a ball down the third base line. Bielefeld and the third baseman hovered over the ball waiting for it to go foul. It didn't. It was the only hit Bielefeld allowed.

Last year he did pitch a no-hitter against San Jose — but lost the game on errors in the ninth inning.

It's hard to see the reasoning behind the announcement that Don Cockell, the London heavyweight, will fight either Kid Matthews or Rex Layne in Seattle July 30. Cockell has whipped Matthews twice, once on each side of the Atlantic, and Layne has long since lost his drawing power.

Pete Milne's newborn son has been named Roger William Milne and the Oakland outfielder says the boy will carry the names of three great hitters, two of whom are Rogers Hornsby and Ted Williams.

Hamilton (Ham) Richardson, the Tulane student who has won his second straight NCAA tennis singles title in Seattle, says he will not play professional tennis, but will confine himself to a year or two of amateur competition after getting his law degree. If he enjoys great success as an amateur, however, it is a cinch that Jack Kramer will wave enough money in front of him to change Ham's mind.

Unified District For Santa Clara Schools Rejected

Efforts to unify school districts of Santa Clara, Alviso and Jeffer-son schools were rejected Tuesday night by trustees of both Santa Clara Union High and Santa Clara Elementary School districts.

The proposal unified school district for three areas was to have been studied by the Santa Clara County School Department looking to potential advantages of a single district, but the boards of trustees decided they were not interested in any such change.

The trustees approved a proposal though for the county office to issue payroll warrants for the 140 Santa Clara school employees. This step was recommended by the 1953 Grand Jury.

The high school board awarded a contract to Barshow & Baleria Co. for a new high school bus for \$7,640. American Seating Co. and H. S. Crocker Co. won contracts for fixtures at the new Westwood School.

Christian Science

That strength, joy and healing result from a spiritual understand-ing of God as infinite Life will be brought forth at Christian Science services Sunday.

Keynoting the Lesson-Sermon entitled "Life" is the Golden Text from Romans (6:23): "The gift of God is eternal life through Jesus Christ our Lord."

Selections to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy include the following (487:27): "The understanding that Life is God, Spirit, lengthens our days by strengthening our trust in the deathless reality of Life, its al-mightiness and immortality."

Efforts to unionize Santa Clara Valley farm workers got under way last night with a mass meet-ing at Mayfair School on Kemmer Ave. in Santa Clara.

Representatives of United Pack-ing House Workers of America, a CIO union, outlined their program for field and orchard workers.

The drive to organize agricul-tural workers is new, Virgil Mit-chell, union field representative, said. Machinery for organizing a new Packing House Workers local was set up at a preliminary meet-ing last week. A nucleus of 30 farm workers attended that ses-sion, Mitchell said.

Last night's meeting dealt with the union's wage and working condition goals, Mitchell said.

Sportsmanship Is
Main Objective Of
The Little League

Attainment of exceptional athletic skill or the winning of games is of secondary importance only to the moulding of future men in whom is implanted the ideals of good sportsmanship, honesty, loyalty, courage and reverence. This makes finer, stronger and happier boys who will grow to become good, healthy, clean men, according to objectives set up in the Campbell Little League constitution.

Guy Troedson, Little League director this week sent out letters presenting these objectives. He said critics have alleged that children of this age are not mature enough emotionally to stand the excitement and the strain brought on by tense situations of a ball game. With the cooperation of parents, coaches and interested friends the emphasis on winning can be minimized to avoid tensions and heartbreaking disappointments.

Coit Tower, atop Telegraph Hill in San Francisco, is open daily

This course is just one of the many given in telephone schools up and down the Coast.
Others, for example, train operators, business office people, installers. Such training gives

Hancie Naylor Is Home From Hawaii

Miss Hancie Naylor, browned by a sojourn in Hawaii and frequent visits to Waikiki beach, returned to Campbell Thursday, ready to give a geography lesson on island lore to any one interested. She was a teacher in Campbell schools for more than 30 years. Miss Naylor made the trip to Hawaii as winner of the Campbell Press Circulation contest, and was accompanied on the trip by her sister, Mrs. Jessie Boyrie, also of Campbell.

"We spent most of our time on Oahu since arriving in Honolulu May 18 on the luxury liner, Lurline," Miss Naylor said, adding, "But we were climbing Mt. Kilaua when it began erupting, pouring out lava and making rumblings like it was angry at our intrusions."

The sisters met several from Campbell while on the islands among whom were Lt. and Mrs. James Olds, Mr. and Mrs. Arch Keesling and daughter Margaret and Mr. and Mrs. Raymond B. Bishop. They ate poi and learned to like it and they were guests for the luau, the Hawaiian feast. They returned from the island by plane.

San Jose State Sets Deadline For Enrollment

High School graduates who plan to enter San Jose State College this Fall Quarter must file application for admission soon or risk not being accepted, according to Miss Viola Palmer, admissions officer.

More than half the quota of high school students who will be admitted has already been filled. Miss Palmer states. Application deadline for high school graduates is Aug. 1. Deadline for admission applications for college transfers is Sept. 1.

In order to stay within the 6400 enrollment ceiling, San Jose State College plans to accept only 1136 high school students as entering freshmen and not more than 1200 college transfers.

As of the second week in July, Miss Palmer reports that 644 applications from high school graduates have been accepted and 356 college transfers applicants have been admitted. Many more applications are waiting to be processed.

At the same time last year, 452 high school students and 309 college students had applied. The increase in applications is due largely, Miss Palmer believes, to the fact that students are aware that San Jose State College is forced to curtail its enrollment this year and are therefore making more prompt applications. The admissions officer expects the quotas of incoming students to be filled by the application deadlines and possibly sooner.

LEGION ELECTS DISTRICT STAFF IN S. C. COUNTY

New officers for the 1954-55 term were elected Sunday when Legionnaires of the 13th California District met at Santa Clara. Installation will be at the department meeting during the convention in San Francisco.

Guy W. Smith of Campbell Post is the retiring District Commander.

New officers elected Sunday were: Harvey Boswell, district commander; Bernard Murphy, first vice-comdr.; Bernard Pihl, 2nd vice-comdr.; Ora Merritt, vice-comdr. and Gilbert Adair, sergeant-at-arms.

The meeting followed a barbecue dinner.

Speed Is Cause Most Car Crashes

According to the California Safety Council, the number one killer causing the loss of nearly 3,400 lives and injuring more than 110,000 people on California's highways and roads, is excessive speed. In 3 out of 10 traffic fatalities, speed laws were violated. There seems to be much confusion as to the actual speed limit within the State of California. Safety experts define speed as driving too fast for prevailing conditions whether at 35 or 70 miles an hour. The California Traffic Code places upon each driver the legal obligation to drive safely, recognizing road and weather conditions. Good common sense definitely demands that a car be operated at a very low speed in rain or when fog obstructs vision. Disregarding such rules of safe driving was a factor in 1 out of 6 fatal accidents last year.

Wet, muddy, snowy or icy roads were involved in 1 out of 5 fatal crashes last year. Bumps or holes in highways were a factor in 1 out of 15 fatal accidents.

No matter what the legal speed limit may or may not be, common sense dictates that under such adverse conditions a driver proceed at a very low rate of speed.

The California Safety Council calls upon all motor vehicle operators to pledge themselves to a volunteer observance of these common sense rules which will greatly reduce California's traffic accidents.

Free Re-elected County Chairman

An all-out united effort by the Republican Party for victory in the November election got underway Tuesday night at the organizational meeting of the Santa Clara County Republican Central Committee.

Robert G. Free, chairman for the last two years was unanimously elected chairman of the new committee and serving with him will be Vernon J. Christina, vice chairman; V. LeRoy Kennedy, treasurer and G. Conrad Baker, secretary.

All officers elected are from San Jose leaving the executive board without representation from the outlying districts unless committee chairmen appointments are made later from areas other than San Jose.

Free said in accepting the position, "my sole purpose in taking the chairmanship at this time is to attempt to provide the leadership to the organization to the point where we can do an effective job in the coming general election."

Members also moved to endorse Bruce F. Allen, candidate for the 29th District Assembly seat, and Lt. Gov. Harold Powers, who is running for re-election.

Ernest Renzel, chairman of the United Republican Inance Committee of Santa Clara County and central committee member, announced that his committee is planning a \$100 dinner September 23 at Exposition Hall at the Fair Grounds.

Senator William Knowland has accepted the invitation to be the guest of honor and featured speaker.

Salvation Army Committee Will Meet July 22

Brigadier Ruth B. McCann of the Salvation Army was in Campbell Thursday at which time she announced that a meeting of the newly organized Campbell committee is to be held at 7:45 p. m. July 22 at the home of LBen Howard, newly appointed chairman.

Democrats Have New Officers

John E. Thorne, San Jose attorney, was elected chairman of the Democratic Central Committee of Santa Clara County Tuesday night at a meeting in the courthouse in San Jose.

Elected to serve with him were Edwin A. Worthington, of Mountain View, vice chairman; Dr. Sydney Tetenbaum of Los Altos, secretary and Torrey Smith of San Jose, treasurer.

Sen. Knowland To Speak At GOP Meet In San Jose

U. S. Senator William Knowland will be the speaker on Thursday evening, September 23 when the Santa Clara County United Finance Committee holds its \$100-a-plate fund raising dinner at San Jose.

Committee Chairman Ernest H. Renzel Jr., who announced Knowland's selection yesterday, said no specific topic has been assigned to or announced by the senior senator from California.

At the dinner, probably to be held in Exposition Hall at the County Fairgrounds, the GOP hopes to raise a war chest of \$25,000 to \$30,000 for the November election campaigns of local Republican candidates.

County Budget Hearings Start Today In San Jose

Budgets for the new year totaling about 31 million dollars will be reviewed for about ten days starting this morning in the Board of Supervisors meeting room at the court house. The county budget has been tentatively set at \$28,895,000, while some fifty service districts have budgets exceeding a total of two million dollars.

The supervisors set up \$429,550 for the county fair and there is opposition to this allocation from the Palo Alto League of Women voters and the County Federation of Womens Clubs.

About \$179,000 of the fair allotment will have to be raised by property taxes if the present figure is adopted. About \$250,350 will be available either from funds carried over from last year or from non-tax revenues.

Changes may be sought in the budgets of the Central and Los Altos Fire Districts, too. A newly organized firefighters union is seeking \$50 per month across the board pay hikes and other benefits for district firemen.

In its present form, the new county budget tops last year's spending by slightly less than three million dollars.

County Executive Frank Thill estimates that if the tentative figure is adopted the county will have to raise \$10,242,473 in property taxes.

CAMPBELL LIONS MET TUESDAY EVE

Members of the Campbell Lions Club met for dinner at the Country Woman's Club Tuesday night for a short business session.

Plans for a dance were discussed by members but no definite date has been set.

Following the meeting part of the group played baseball.

PROPERTY TAX REQUESTS LOSE

Requests of the Towne Theatre and of the City of Sunnyvale for adjustment in their assessment status for the county property tax have been rejected by the County Board of Equalization.

Sunnyvale had asked that two pieces of property being purchased on a lease-purchase plan be exempt. A 15-acre park site and the Public Safety Building, although used for municipal purposes, have not yet been deeded to the city.

E. H. Emmick, owner of the Towne Theater on The Alameda, told the board Assessor Hayden Pitman's assessment on the property was too high.

JUNE FINES SET MONTH'S RECORD

Fines collected by the police court in Campbell for the month of June amounted to \$1517.86, the largest sum of any month of record here, according to E. C. Merrill, city treasurer. Paul Crawford is judge of the police court.

Plan Camp Site For Crippled At Stevens Creek

A camp site in Stevens Creek Park may be leased to Santa Clara County for the use of crippled children, according to a proposal before the County supervisors. The Crippled Children and Adult Society seek to have the county lease the park at one dollar a year for a fifty year period. There are 13 1/2 acres on the site.

The society is prepared to start work this winter on the center so that it can handle sixty physically handicapped children and young adults.

A safe access road and bridge across Stevens Creek are needed if the project goes through. Dormitory, dining and recreation buildings are planned, also a heated swimming pool, an amphitheatre and therapy room.

Liberace Invited To Almaden Rally

A large crowd of former Wisconsinites are expected to attend second Annual Picnic Sunday, July 18th at Club Almaden, held by the California Wisconsin Club of Santa Clara County. The Club Almaden is located on the Almaden Road just 12m i south of San Jose.

Registrations will begin at 11:00 A. M. for all former Wisconsin residents who are invited to attend. Everyone is requested to bring a picnic lunch however: ice cream and coffee will be furnished by the Club.

Beside meeting old friends, M. Megna President, has extended a personal invitation to Liberace to attend the picnic as they are both formerly of Milwaukee. There will be swimming for all ages, dancing, horse shoe and play grounds for the little ones.
